The Lake Harvey Association Newsletter | Summer 2011

President's Message | Jan Sherman

Wow, what a spring we have had, or not had, as the case may be here on Harvey's Lake. On March 26 we had 5 inches of rain that resulted in widespread property destruction. Driveways, roads, even entire backyards were destroyed within hours. For the first time ever, water was over the pier at the boat launch.

Today, things seem to be getting back to normal. It's five o'clock and the temperature is still an impressive ninety degrees and the Barnet School is fortunate to be spending the day at Harvey's Lake Beach.

All too soon we will be watching the annual firework display. July 16th is Lake Harvey Day, and an exciting day it will be. The Annual Meeting and the Mile Long Yard Sale begin at 9:00. The Boat Parade begins at 1:00 and the chicken barbeque begins at 3:00, a big thank you to the Ellison family as well as the Barnet Fire Department for organizing the Barbeque once again. Last, but certainly not least, the fireworks are scheduled to begin at dusk.

I have been told by several people of a loon nesting in the channel; however, I am still waiting for a picture. To those who wish to go looking for it, beware, it has been known to hiss and spit at onlookers.

I attended the zoning meeting this week, there is a lot of new building activity around the lake, including the moving of the Clara Brock house, previously located on the beach. Several new camp/cottage owners have expressed interest in joining the Lake Harvey Association, and to those individuals I say Welcome!

On a final note, we are happy to announce that the town has once again approved \$10,000 towards our cause of thwarting the introduction of aquatic nuisances. Remember, prevention is still our only defense against these invasive species.

4th of July Sighting

"ICE OUT 2011"

After a truly LONG winter, the ice at Lake Harvey went out at 6:30 A.M. on April 23rd. Winners were Vivi Begin and Laura Turek. Their guesses of 5:15 were the closest!

Calling all boat owners

Mark your calendars for Saturday, July 16th at 1:00p.m. It's the annual Harvey's Lake Boat Parade. Last year we had nine entries. It would be great to double that number this year.

This year's theme is **"A Moment To Remember"**. This is a great time for all! Nothing elaborate required. Just decorate your boat interpreting the parade theme and then get in line out at the starting point.

In response to some families who would like to participate, we will organize this year's parade in two sections. The first group will be for non-motorized crafts. The first group will get a head start and begin the parade at 1:00p.m. The motorized group will follow along a little later. So shine up the old rowboat, canoe, paddle boat, raft, or whatever will float around the lake and start planning now.

Any questions, feel free to call Bob Perrin (633-2601) or Don Burke (633-4941).

The Harvey's Lake all day celebration on July 16th starts with the Lake Harvey Association Meeting. Everyone is invited to attend. It will be held at 9:00a.m. in the basement of the Congregational Church followed by the boat parade, the chicken barbeque on the public beach and the fireworks display that night.

Boat Monitors

The Boat monitors are in full swing. Don Easter is a familiar face, once again running the show. Thank you Don! Kathy Wirthwein has just arrived, plus, our college girls are on the job. Holly Greenleaf, Kyle Berge and Natalie Raeder are occupying Don with their crazy concert schedules, and we have a new employee Ashlee Bisson. Her parents are new residents on the lake and she will be a senior at St. Johnsbury Academy.

Notable & Newsworthy | Karla Cornelius

Last year at our annual meeting we voted to contribute \$5000 to the Town of Barnet toward the cost of a new gate for our dam, to better control our lake level and water quality. Select Board chair Ted Faris reports the gate is on order and we are close to installation of Phase I.

As to our (non) internet service: In 2009 over 100 people signed our petition for internet service, gladly committing to be a customer of just about any provider, as long as they would provide. Despite all our efforts, we are still waiting. Vermont Telephone (VTel) has received federal funding to implement a wireless broadband network (WOW) in 14 rural Vermont telephone exchanges, including ours. It is to be complete late 2013. Go to Vermontel.com to track its progress. Northern Community Investment Corporation (NCIC) is further along with a bandwidth tower to be installed shortly on Garland Hill. However the permitted secondary tower serving the lake is on hold until issues yet remaining are resolved. Their website is ncic.org. In the interim, Hughes Net satellite service is available for a (substantial) fee/commitment.

Take action - email consumer@state.vt.us and call **800-622-4496** on an ongoing basis, HOUND them to make something happen as soon as possible. This is so important, especially to those many of us still working here at the lake.

Regarding our LHA website: So much time went into creating it, but involvement remains sporadic. Our classified section and gift shop will be posted soon, and Dick Downer is working on our map of lake properties. He has many other wonderful ideas for our site, but we need help! Volunteers would be great. Our blog is available to our Board, and to all members who request their password via email to lakeharveyassociation@lakeharvey.com. Bloggers would also be great!

Finally, don't forget to give. The Town has been generous again this year, but we still need so much more to sustain our monitoring program full bore. Prevention is our best solution. And LHA bears the full cost of our firework display, that very special evening we all so enjoy every year. So contribute - it's tax deductible!

HAVE A WONDERFUL SUMMER, AND VISIT US AT lakeharvey.com!
